Dear patients,

To assist in reducing the spread of the COVID-19 in our community, we have adjusted our care processes.

Patient Guidelines

Patients will be surveyed with a health screening questionnaire prior to each scheduled appointment for COVID-19 to ensure anyone entering is not at high risk for COVID-19 infection.

- **Masks are always required for everyone 2 years of age and older. Gaiters, bandanas, scarfs, or mask with vents are not allowed.**
- **Your temperature will be taken, and we will have you sanitize hands upon entry.**
- **Please arrive no earlier than 5 mins prior to your scheduled appointments unless prior arrangements have been made. NO WALK INS.**
- **No visitors are allowed, ONLY PATIENTS with scheduled appointments will be allowed in the office. *Patients with young children need to make prior arrangements for their appointments.***
- **Patients with symptoms, who have recently been exposed to someone with symptoms or who have tested positive for Covid-19 need to call the office so they can be scheduled appropriately.**

Symptoms

Mild to severe symptoms may appear 2-14 days after exposure to the virus. **People with these symptoms may have COVID-19:**

Fever or Chills Cough, Shortness of Breath or Difficulty Breathing, Fatigue, Muscle or Body Aches, Headache, New Loss of Taste or Smell, Sore throat, Congestion or Runny Nose, Nausea or Vomiting, Diarrhea

**This list is not all possible symptoms. Other less common symptoms have been reported.*

For a more in-depth explanation of our Covid-19 procedures please ask a staff member. Thank you for doing your part to help keep everyone safe and healthy! - Dr. Taylor and Staff
